

BOOT CAMP: XiFin® Empower RCM

## Improve Collections and Operational Efficiencies

XiFin's XiConnect Boot Camp for XiFin Empower RCM is an invaluable opportunity to maximize the value of your investment in revenue cycle optimization. With targeted XiFin-recommended best practices, workflow recommendations and automation opportunities, along with hands-on business intelligence, this boot camp will help your organization quickly maximize revenue, optimize reimbursements, and ensure the optimal use of all available workflow efficiencies.

### Path to Success

The XiConnect Boot Camp is a two-and-a-half-day intensive workshop currently available in two locations: XiFin headquarters in San Diego, California, and the XiFin office in Dallas, Texas. It's ideal for clients and their team members who have been using Empower RCM for six months or more.

Participation in the boot camp will enhance your financial and billing management team's knowledge of the accounts receivable (A/R) and revenue cycle management data flow within Empower RCM and the reporting available through XiFin Business Intelligence (BI).

### Boot Camp Topics

- Review of XiFin Empower RCM data flow & core concepts
- Focus on error processing & XiFin best practices
- Utilizing the XiFin Empower RCM billing management checklist to close revenue gaps
- Structuring daily operations
- Business Intelligence hands on tailoring instruction
- Getting the most out of XiFin Empower RCM EOM financial data

### Gain Necessary Tools

- Fine tune Empower RPM system configuration to ensure XiFin-recommended best practices
- Streamline daily operations through the use of XiFin automation
- Leverage XiFin Business Intelligence reports to successfully monitor your revenue cycle
- Maximize your Return on Investment

**XiConnect Boot Camp participants average 6% - 10% higher collections over the next 12 months than clients who do not participate.**

## Hear from a XiConnect Boot Camp Participant

XiConnect Boot Camp for XiFin Empower RCM customers is a private session for your team only. This allows for candid discussion on your specific successes and challenges.

“XiFin’s XiConnect Boot Camp provided our team with three imperatives, which were critical to a revenue department that has just experienced a key change in leadership. First, the opportunity to learn the fundamental hierarchies and internal protocols that are driving the background of our revenue cycle. Second, a thorough guide to managing our A/R in the most holistic and yet efficient manner possible via the Billing Management Checklist and the accompanying and recommended BI reporting tools. Finally, a series of process recommendations that were tailored to our unique A/R challenges, culminating in a roadmap for our team that I believe our team absolutely can accomplish, and once we do, I’m certain we will emerge a stronger and more solid department as a result. I offer a sincere thank you, for the support and commitment to assisting our team with such a significant step in our development.

**Nicole Kerr**
